**Subject:** DNS 13-082 Whiskey Dick Wildlife Area Seasonal Road Closure  
**Attachments:** PDF signed.pdf

Dear Sir

I have attached a signed PDF of this letter also for permanent record and will copy it on this email also.

January 12, 2014

To: SEPA/NEPA Coordinator, WDFW Regulatory Services Section  
Bob Zeigler

Re: DNS 13-082: Whiskey Dick Wildlife Area Seasonal Road Closure

Dear Sir

My name is Bob Stokke and I have been a Washington resident since birth in 1946. I have hunted elk since 1962.

In the late winter months (Jan, Feb, March, Apr), elk are living on their fat reserves as there is barely enough nourishment in the forage available for them to sustain them until the spring green up. Elk are very sensitive to vehicle traffic on roads and road closures are a great way to protect them during this time.

I totally support the 'Whiskey Dick Wildlife Area Seasonal Road Closure' as proposed in the DNS as published.

If you have any questions, feel free to contact me at [bstokke@live.com](mailto:bstokke@live.com) or on my cell phone at 206-799-6663.

Sincerely

Bob Stokke
